

Beauty and the

Just like Beauty and the beekeeper, you can help protect the bees!
Here are a couple of fun ways you can make a difference:

1. PLANT FLOWERS

When you plant flowers outside, you are providing the bees with a delicious food source that helps them flourish!

2. SHOP AT YOUR LOCAL FARMERS MARKET

When you buy fruits and vegetables at your local farmers market, you are helping to preserve the local farmland and the bees that live on that land. You may even want to ask the farmers what they are doing to help the bees!

For more information about the importance of bees and how you can help with bee preservation, please visit www.beegirl.org
